

Original Bagel Co

I love bagels, these are the best ones I have ever eaten. I bought them at Leppink's groc. store in Belding Mi. I had never heard of your Co. before, you can be sure a lot of people here in Belding and elsewhere will hear how wonderful these bagels are.

My husband is going to be 101 years old next Mo and did not like bagels when I warmed these in the oven. My husband thought I was baking fresh bread. He loves them too, in fact when I went to the store he said "get some more of those bagels". I heard him telling his Daughter and her Sister who is 94 years old about the bagels. We have them often now. Thanks for this good product we love it.
